

## ● Electricity

- **In case of using the Shell Booth, it is not required to submit this form.**
- The Shell Booth includes basic electrical service. In case you need extra lighting, it is required to fill in "Electrical Service" to apply.
- If you require extra lighting, note that the additional primary wiring and branch circuit construction is required, regardless of the current wiring circuit construction and electrical consumption.
- Exhibitors are requested to refrain from bringing their own lighting equipment to avoid any electrical trouble on site. If there are any other items you require, contact the official contractor directly.
- Total price is calculated by adding the amount in (A), (C) and (D). Amount in (C) and (D) depend on the wattage of the lighting equipment you order.
- Amount indicated in (C) includes both construction and electricity consumption charge.
- Amount in (C) and (D) will be automatically charged according to the equipment you order. The period or the span in which the electricity is consumed is irrelevant. e.g. Either when the electricity was consumed from 8:00am (move-in time) or from 10:00am, the amount charged in (C) and (D) will be the same.

< SUPPLY HOURS >	<b>The 2nd day of move-in</b>	noon – 10:00pm
	<b>The 1st day of the show</b>	8:00am – the end of the show
	<b>The 2nd day of the show</b>	8:30am – the end of the show
	<b>The last day of the show</b>	8:30am – the end of the show

\*Contact directly to the contractor for early / late electrical supply or any other inquiries.

## Rental Lighting Equipment Catalogue

<b>1</b>	LED Spotlight 15W (light bulb color / daylight color) JPY2,750
